

Join our dynamic team at Bore. Open vacancy for **Electrician / ETO** in our Repair Team.

The Electrician / ETO in the Repair Team will work on different vessels in the Bore fleet, with special assigned tasks coordinated by Bore Technical Superintendent:

Main tasks:

- Installing, maintaining, and repairing electrical systems.
- Troubleshooting and diagnosing electrical issues.
- Ensure compliance with safety standards and regulations.
- Collaborate with other team members to complete projects efficiently.
- Assisting in emergency breakdowns, dockings and any other issues where the vessel will need an extra helping hand.

The Repair Team Electrician / ETO can also be a back-up, if there is an urgent need for substitute electrician onboard.

Position Requirements:

- Electro-Technical Rating CoC, III/7 (and Rating Deck/Engine II/4, III/4) and other relevant certificates
- or
- Electro-Technical Officer CoC, III/6 (and Rating Deck/Engine II/4, III/4) and other relevant certificates.
 - Proven experience as an electrician, preferably in the marine industry.
 - Strong knowledge of marine electrical systems and components.
 - Ability to read and interpret technical and electrical drawings.
 - Problem-solving skills, attention to detail, and flexibility.
